

OVERVIEW

Workforce Identity & Access Management Solutions

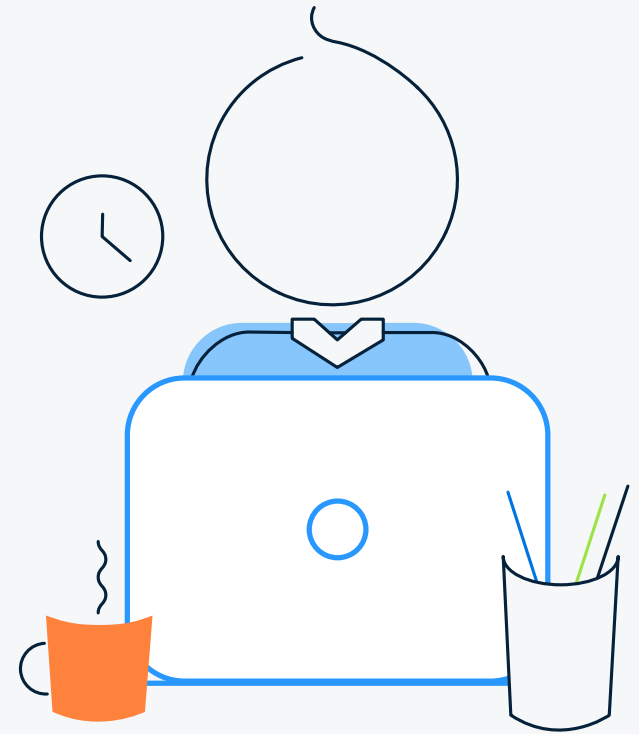

WORKFORCE IDENTITY & ACCESS MANAGEMENT SOLUTIONS

Deliver **efficient** access to applications and resources while protecting your company's critical data.

Today, your employees need consistent access to all your company's applications and data from anywhere. But it's never been more important for you to closely safeguard that data from unauthorized users. The challenge is evolving. The stakes are high. So, how can you strike the balance between access, and security?

The high cost of data breaches

\$4.45M

Average cost of a data breach¹

Compromise factors that are credential related²

¹ IBM Cost of a Breach Report 2023. ² Google Cloud Threat Horizons Report 2023.

Welcome to **better** identity.

With SecureAuth's Workforce Identity & Access Management solutions, you can ensure the right security safeguards are in place for every employee, every time. While never sacrificing efficiency and productivity.

Flexible deployment options to meet cloud, on premises, or hybrid security needs.

Build employee engagement and increase productivity with a superior experience that supports workers wherever they are from any device.

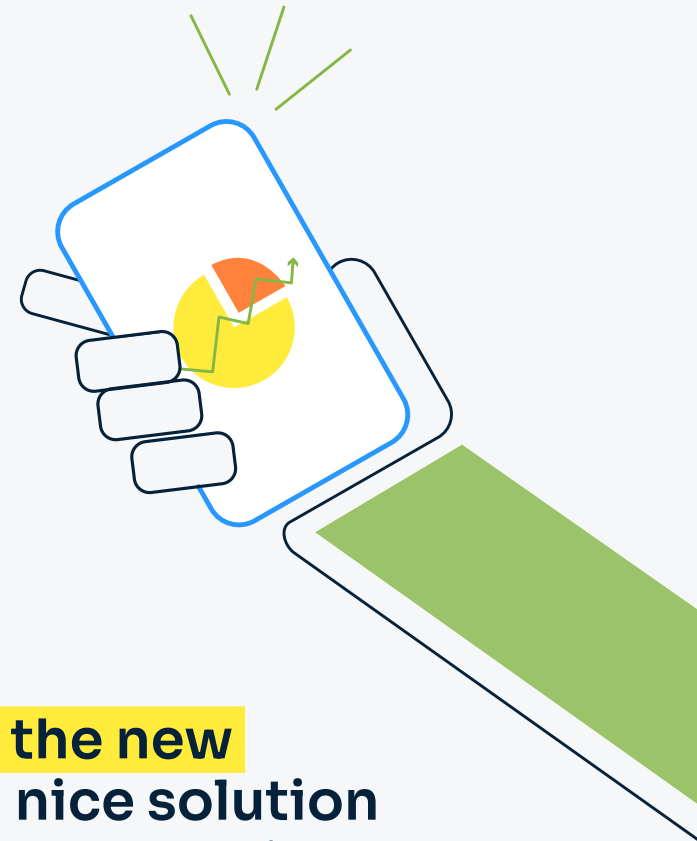

Protection for critical company data and applications with flexible, adaptive, and continuous authentication.

“The end users love the new system. It’s really a nice solution and a lot of time people don’t even realize they are using it.”

—Matt Johnson, Manager, Server Engineering
Houston Methodist Hospital

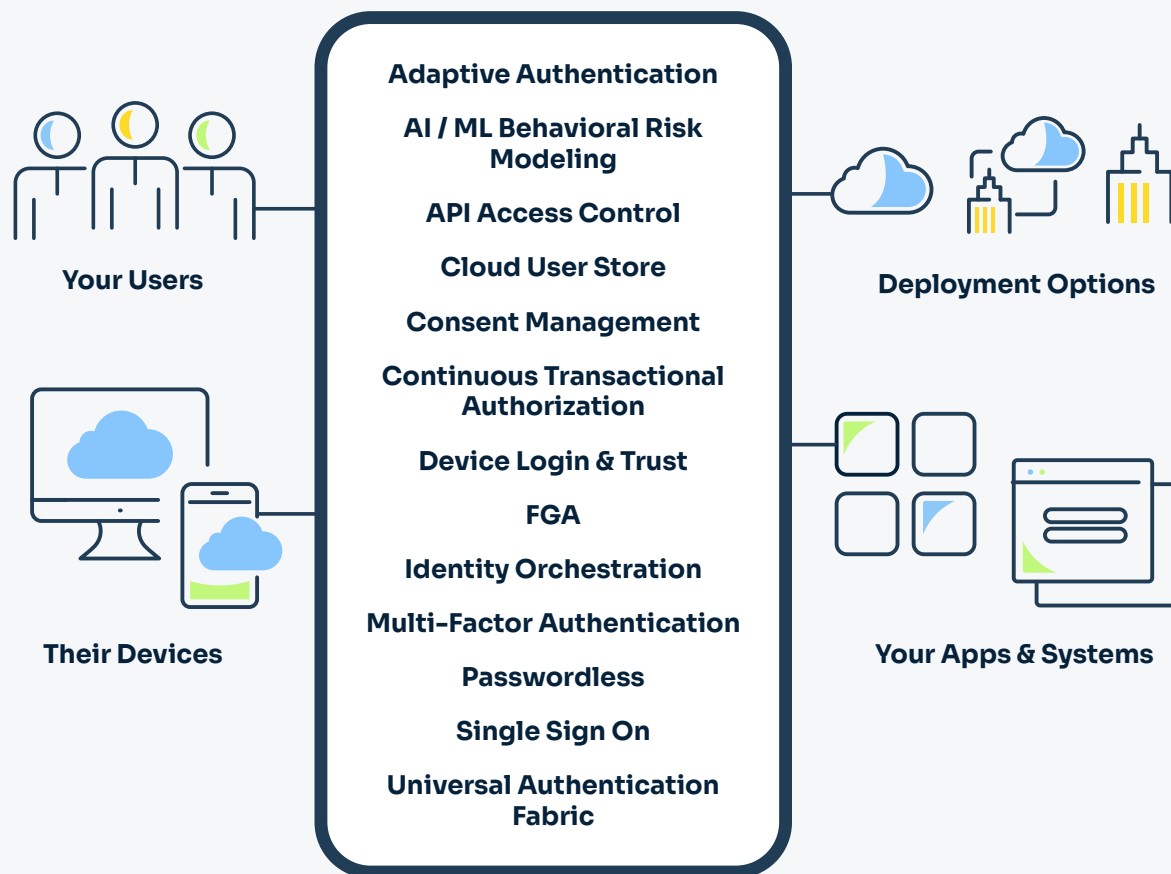

Reduce friction with the latest biometric and passwordless authentication options.

Simplify administration with intuitive user interfaces for configuration and management.

Our Capabilities

SecureAuth's Workforce Identity solution comes with every tool you need to deliver superior and safe experiences for every employee, in every application, every time.

About Us

We envision a world...

Where your employees are always safe, productive, and engaged.

Where your company and brand are as protected as they are valued.

We work every day to make that vision a reality.

Today, our solutions enable you to build dynamic authentication and authorization.

Tomorrow, our innovations will keep you ahead of every curve.
